Officer Narrative: GODINO, JOSEPH  
1203619

On 05/28/12 Ofc. Godino (passenger) and I (driver) were working the 4-12 shift in car 956.

At approximately 2117 hrs. we were on Hollis St. stopped at the red light by Pine St. when we randomly queried MA Reg#876NC7 on our portable MDT as the vehicle pulled out of Pine St. and headed southbound on Hollis St. Once our light turned green I followed after this vehicle while we awaited the results to return on our MDT. As I followed this vehicle it made a right turn onto Winthrop St., as did the vehicle behind it. Once I reached Winthrop St., I also made the turn and began heading westbound on Winthrop St.. Once on Winthrop St. we noticed MA Reg#876NC7 was now accelerating to a very high rate of speed and was quickly out of our sight. (This area of Winthrop St. is a posted 25 mph zone). Upon seeing this I activated my blue lights and passed the vehicle in front of me.

I then attempted to re-locate this vehicle and travelled approximately 45 mph in an attempt to catch up to the vehicle. However we were not able to catch up to this vehicle or even see the vehicle until we reached the red light at Waverly St., where it was stopped at a red light behind another vehicle. It was during this time that Det. Godino told me that the vehicle had come back to a male party with the last name Tinsley. I told Det. Godino that I had arrested a Mr. Tinsley in the past but could not remember who or for what.

Once this light turned green the vehicle made a left on to Waverly St. and we followed behind it. Once we were on Waverly St., we activated our blue lights and stopped this vehicle.

As I called in the vehicle's license plate and the location of our car stop, Det. Godino exited our cruiser and began approaching the passenger side of the vehicle. I then exited the cruiser and also began to approach the driver's side. As I approached Det. Godino (who had arrived up to the car before me) was monitoring the male operator when he observed him place one of his hands by the side of the driver's seat. Det. Godino called

Investigating Officer: 311 GODINO, JOSEPH	Date: 05/27/12	Supervisor:	Date:
--	-------------------	-------------	-------

-----------------------------------	--	---------------------------

over to me and told me that it looked like the driver was hiding something next to the seat.

As a result of what Det. Godino had told me, I did not walk all the way up to the driver's door like I usually do, but instead remained by the rear passenger door while I tried to observe the driver. While standing there I asked him for his license and registration. I could see that he was going through his wallet looking for his license but I did not have a very good field of view due to my positioning.

Det. Godino was able to see the driver and once again saw him reach down by the side of the seat. Det. Godino again told me what he saw, except this time Det. Godino told me to get him out of the car because he was hiding something. When I didn't immediately ask the driver to step out, Det. Godino quickly repeated himself, telling me to get the driver out of the car. (At this time I was not sure exactly where the driver was reaching, only that it was next to his seat. Det. Godino was able to see exactly where he was reaching and later told me that it was under the seat in between the driver's door and his seat.)

Upon hearing this I asked the driver to step out of the vehicle. He then looked up at me and asked me why. I could hear Det. Godino once again say to me to get the driver out of the car. I could see that the driver's hands were both touching his wallet so knowing where his hands were I then opened the driver's door and again asked him to step out of the vehicle.

The driver looked up at me and asked me why he had to get out of the vehicle. I told him that I would be more than happy to explain to him why once we were at the rear of the vehicle. The driver then told me that he was not going to get out of the vehicle. At this time he and I were having a calm conversation during which I continued to calmly ask him to exit the vehicle and he continued to refuse. Several more times he asked me why I wanted him to exit the car and I continued to tell him that I would explain it to him at the rear of the vehicle. I also told him that he was absolutely not under arrest at this time and that once he exited the vehicle I was not even going to handcuff him, only speak

Investigating Officer: 311 GODINO, JOSEPH	Date: 05/27/12	Supervisor:	Date:
--	-------------------	-------------	-------

-----------------------------------	--	---------------------------

with him at the rear of the car. However the male continued to refuse to get out of the car. I made note that he was wearing his seatbelt.

This part of the car stop went on for approximately 1 minute with me trying to calmly ask the male to please step out of the vehicle close to 15-20 times. While I was speaking with him it became quite obvious that this male was not going to comply with us and could further escalate the situation. To prevent him from driving off and possibly causing a pursuit or a danger to the public, Det. Godino reached in from the passenger side window and shut off the car and removed the keys from the ignition, while I was speaking with the driver. Det. Godino then called for back up. Ofc. Lurie and Ofc. Avila responded to assist us. I was now becoming concerned of what the driver was worried about us finding in his car and even more concerned that he may be armed. Therefore I continued to try and verbally talk him into exiting the vehicle, and was not at all about to try and pull him out of the car due to officer safety concerns.

I continued to try and work with the driver and have him step out of the car. At one point the driver said to me "I am willing to give you my license and registration like you asked, but I am not getting out of the car". To stall the male until back up arrived, and to get his ID in my hand I agreed that I would like his license and registration. He then handed me his license from his wallet, and his registration which I believe he also had in his hand. I did not look at these items, but instead just placed them in my pocket so that I did not take my eyes off the non-compliant driver.

Once these items were in my hand I continued to ask the male to step out of the car, and he continued to refuse. While speaking with him he said to me "I know that you are Officer Reardon and I am not getting out of the car for you. Last time I did I got arrested." I then asked him what his name was and he told me "You have my ID right there, you know my name." I made note that his hands were in his lap so I retrieved his license from my pocket and while still monitoring him, I looked at his license and found that he was Tinsley, Mark (REDACTED). I told Mr. Tinsley that I did not remember him, however I did in fact remember his name from a drug arrest on Beaver St. a few years ago. I also remembered that he was not only quite a bit bigger than me, but that he had a violent

Investigating Officer: 311 GODINO, JOSEPH	Date: 05/27/12	Supervisor:	Date:

-----------------------------------	--	---------------------------

criminal record and was from Boston.

I attempted to work with him to get him to step out of the car as Ofc. Lurie and Ofc. Avila were arriving and joining me at the driver's side of the vehicle. However, even now with 4 officers on scene I still did not feel comfortable in trying to reach into this vehicle and pull the driver out of the car for fear of what he may be hiding under his seat. I continued to try and talk him out of the car, even with Ofc. Lurie now also trying to talk to him and have him step out of the car.

However, Mr. Tinsley still refused. After almost 5 minutes of trying to talk Mr. Tinsley out of the car, and asking him approximately 80 times in a variety of ways, Mr. Tinsley still refused to get out of the vehicle.

I heard Det. Godino request more assistance to our location over the radio. I also heard the responding cruisers answer the radio call and knew that they were on the way. It was now getting to the point where we were going to have to pull Mr. Tinsley out of the vehicle to prevent him from escalating the situation and possibly retrieving whatever weapon I now believed he had under his seat or on his person.

As more back up cruisers were arriving to our location, Det. Godino saw and opportunity to reach into the vehicle and unbuckle Mr. Tinsley's seatbelt. When he did this, we had to react fast to prevent him from re-buckling the seatbelt. Ofc. Lurie and I reached in and grabbed a hold of Mr. Tinsley as he tried to re-buckle his seatbelt, and we tried to pull him out of the car and prevent him from re-buckling the seat belt. Ofc. Avila was then able to reach in and help me hold on to Mr. Tinsley, while Ofc. Lurie was able to cut the seatbelt. Det. Godino joined us on the driver's side and attempted to pull Mr. Tinsley out of the car. However we were not able to get him out of the car at all. Ofc. Avila then went to the passenger side of the vehicle and tried to push him out while we were pulling.

The whole time we tried to get Mr. Tinsley out of the car, he resisted our efforts. At

Investigating Officer: 311 GODINO, JOSEPH	Date: 05/27/12	Supervisor:	Date:

-----------------------------------	--	---------------------------

one point I was trying to pull his left arm out of the car and he grabbed my left wrist and pried me off of him. (Ofc. Avila later told me that as we were trying to pull him out and he was resisting our efforts he continued to elbow Ofc. Avila in the chest area as he would pull himself back into the car and away from us.)

The four of us (Ofc. Avila, Ofc. Lurie, Det. Godino, and I) continued to try and pull Mr. Tinsley out of the vehicle unsuccessfully for approximately 30-45 seconds. During this time I noticed that Mr. Tinsley had his right leg pinned up against the steering wheel which was making it impossible for us to pull him out of the car. At one point I heard someone call for pepper spray to be applied to Mr. Tinsley while he was in the vehicle. However I told them not to deploy the pepper spray at that time due to the fact that I did not want other officers to be contaminated/affected by the spray and not be able to see or react in the event that Mr. Tinsley did in fact gain access to a weapon he had in the vehicle.

As we continued to struggle with him, Ofc. Green arrived and came over to assist us. Ofc. Green was able to reach in the car and grab hold of Mr. Tinsley and then fall backwards, pulling Mr. Tinsley out of the vehicle. Mr. Tinsley then began to flail his arms and try and pull away from Ofc. Green at which time Ofc. Green tackled him to the ground. We then all tried to handcuff Mr. Tinsley while Ofc. Green held him on the ground, however Mr. Tinsley continued to resist and pull away from us and not give us his hands. I then told Ofc. Lurie to pepper spray Mr. Tinsley, which he did.

I was able to assist in getting Mr. Tinsley's right hand handcuffed, however we were still having trouble getting his left hand behind his back. I then re-positioned myself by his left shoulder and grabbed a hold of his left hand and pulled it behind his back and handed his hand to another officer (I'm not sure who it was) to try and handcuff him. However Mr. Tinsley continued to resist them. I then threw a right knee strike to Mr. Tinsley's left collarbone/upper shoulder area at which time I heard him say "Okay okay". Officers then handcuffed his left hand.

We then lifted Mr. Tinsley up off the ground and seated him in the rear of Ofc. Green's

-----------------------------------	--	---------------------------

cruiser. As we were lifting him off the ground I observed a pocket knife and a wallet on the ground under where Mr. Tinsley was lying. These items were later taken from the scene by me. Upon looking over the knife I found that it was a SOG Flash 2 pocket knife. I also found that this knife was spring loaded and locked into place when open. This knife was later tagged and placed into evidence.

In Mr. Tinsley's wallet I located \$301.00 in cash. The wallet was placed in a property locker with the rest of Mr. Tinsley's property that he came in with when he was arrested.

While Mr. Tinsley was in Ofc. Green's cruiser I told Det. Godino to call for an ambulance to look him over due to him being pepper sprayed as well as the force we had to use to place him into custody. The ambulance later met Mr. Tinsley at the police station and he was taken to the hospital. Prior to him being transported to the hospital, Ofc. Green searched Mr. Tinsley more thoroughly at the police station during which time he located a glassine baggy with marijuana inside of it which was located in Mr. Tinsley's shorts under his jeans. This marijuana was left for me in a property locker and I later tagged it and placed it into evidence.

Det. Godino, Ofc. Avila and I began to search Mr. Tinsley's vehicle after the arrest. However due to the blood and the glass as well as the fact that it was dark and difficult to see, it was decided that the vehicle would be towed back to the station where it would be searched. A tow truck was called and Det. Godino and I followed the vehicle back to the station where it was placed in Sally port #2. Det. Lewis later searched the vehicle and found a Marijuana Cigarette and a Boost Cell phone under Mr. Tinsley's driver's seat. No other evidence was located in the vehicle.

Upon the conclusion of this investigation Mr. Tinsley was charged with:

- Ch. 272/53            Disorderly Person
- Ch. 268/32B        Resisting Arrest
- Ch. 265/13D        Assault and Battery on a Police Officer (2 Counts)
- Ch. 269/10(b)      Possession of a Dangerous Weapon (Switch Blade)

CASE# 1203619 - SUPPLEMENTAL

On 5/27/12 I, Detective Robert J. Lewis, was at the station in the booking area when I was told that there was a belligerent disorderly prisoner coming into the station with Officer Green and that he might need help. I was at the booking counter and overheard Lt. Wareham say don't get him out until I get my Taser ready. I then witnessed Officer Green escort a black male into the booking area and I immediately recognized this male as Mark Tinsley (DOB [REDACTED]), I have had prior interaction with Tinsley and he is known to members of the Narcotics Unit and Street Crimes Unit as an active drug dealer in town. Taylor was belligerent and hostile towards the police he was screaming and yelling and Lt. Wareham had his Taser up and in the ready position in case Tinsley acted up again. Lt. Wareham was giving commands to Tinsley to calm down and stop flailing around or else he would possibly be tased. Framingham Fire and Medics were on scene and it appeared that Tinsley had a small laceration over his eye and that he was pepper sprayed in the facial area. Medics took custody of Tinsley and Officer Green escorted Tinsley to the Hospital.

I was assigned by Sgt. Ruiz to conduct an inventory of Tinsley's motor vehicle that was towed to the station. I located a small cigar wrapper with a green leafy substance inside that through my training and experience I believed was a marijuana blunt. The blunt was warm to the touch and was located under the front driver's seat. I also located a blue boost mobile phone. I took custody of both items and placed them into evidence. I also went to the hospital and took pictures of the injuries to Tinsley and of his motor vehicle at the station. All pictures were placed on a CD and also entered into evidence.

Respectfully submitted,

Detective Robert J. Lewis #308

Narcotics Unit

Officer Narrative: GODINO, JOSEPH  
1203619

On May 27th, 2012, Ofc. Greg Reardon and I, Det Joe Godino were working the 4-12 shift in car 956. At approximately 2117 hours we were on Hollis St traveling southbound in 956 when we stopped at a red light by Pine St. We then observed Mass Reg 876NC7 (Nissan Maxima) pulling out of Pine Street onto Hollis street heading southbound. I performed a randomly query on our portable MDT. We then proceeded to follow this vehicle while we awaited the results to return on our MDT.

We observed this vehicle take a right turn onto Winthrop St and travel down this road at a high rate of speed. This area of Winthrop St. is a posted 25 mph zone and the vehicle was going at least 45-50 mph from my estimations.

At this time we activated our lights and sirens to pass a few vehicles in order to catch up to the Nissan and perform a motor vehicle stop of it. At the intersection of Winthrop St and Waverly St we once again observed the vehicle stopped at a red light behind another vehicle. It was during this time that I observed that the MDT results came back to a Markeyse Tinsley-Pryor [REDACTED].

We observed the vehicle take a left once the light turned green on to Waverly St. and we followed behind it. Once we were on Waverly St., we activated our blue lights again and performed a stop of this vehicle.

I exited our vehicle as Ofc Reardon radioed to dispatch the stop location and plate info. I approached the vehicle on the passenger side and observed that the driver was looking back over his left shoulder towards the driver's side of his vehicle in an effort that I

-----------------------------	---	-----------------------------

believed was to see Ofc. Reardon approaching his side. I took this time to close the gap between me and his passenger side window and I quickly appeared just outside the passenger window and I observed the Drivers to be moving about the vehicle and placing his left hand between his left thigh and the driver's door. I observed the driver sit up a little in his seat and I believed that he was placing/hiding something either along the seat and the driver's door or under his buttock. I illuminated my flash light and shined it inside the vehicle causing the operator (Later identified as Mark Tinsley [REDACTED]) to look over towards me. Having his attention towards me I alerted Ofc Reardon (who was walking up on the driver's side of the vehicle) that the Mr. Tinsley appeared to be hiding something and had his left hand still tucked behind his left thigh and told Officer Reardon to get him out of the vehicle.

I then observed that Mr. Tinsley placed his hands between his legs where he had a wallet and a cellphone placed. I did not see these items in his hands before he placed them between his legs. I believed that he had these items between his legs the entire time, prior to his movements near the driver's door and his buttocks.

I then observed Mr. Tinsley look back towards Ofc Reardon's location and observed that he again placed his left hand between his left thigh and the underneath of driver's door and then between his legs. I informed Ofc Reardon to get the Mr. Tinsley out of the car.

I then observed Ofc Reardon have a conversation with Mr. Tinsley but could not hear what was being said. I then opened the passenger door so I could hear what was being said. I then told Mr. Tinsley to get out of the car and to keep his hands visible.

Ofc. Reardon continued to speak with Mr. Tinsley, at this time I realized that the vehicle was still running so I reached in and removed the keys from the ignition quickly while Mr. Tinsley's attention was on Reardon. I then placed the keys on the roof of the car. I then radioed to dispatch to start additional units to our location. I radioed to dispatch several other times during the course of the stop to send additional units. The reason for this was that Mr. Tinsley was refusing to get out of the vehicle and becoming agitated at Officer Reardon's and my requests and then orders to step out of the vehicle. I lost

Investigating Officer: 311 GODINO, JOSEPH	Date: 05/28/12	Approved By:	Date:

-----------------------------	---	-----------------------------

count on the exact number of time Officer Reardon and I asked him to get out of the vehicle but I estimate it was well over 50 times.

Officer Avila and Lurie arrived on scene and walked to the driver side of the vehicle near Reardon. I informed Officer Avila and Lurie that the driver would not get out of the car and was seen moving his hands around the seat and driver's door area. With Mr. Tinsley's attention now on Reardon, Avila and Lurie I quickly reached in and un-did Mr. Tinsley's seat belt and flipped it over his waist towards the driver's door. I then quickly pulled myself back out of the car. At this time Officer Avila came to the passenger side of the car with me and I moved over to the driver side with Officer Reardon and Lurie.

I observed that Ofc. Reardon and Ofc. Lurie attempted to pull Mr. Tinsley out of the vehicle. As I got to the driver's door I observed that Ofc Avila was in the passenger's side of the vehicle and I observed that Mr. Tinsley threw his right elbow and forearm towards the chest and facial area of Ofc Avila several times. I made note that Mr. Tinsley's actions during the motor vehicle stop went from Passive resistant to Active resistant to Assaultive and I then used Assaultive countermeasures to assist in regaining control of the situation. The assaultive measures, that I deployed included closed fist strikes to the facial and chest area of Mr. Tinsley while he was seated in the driver seat of the car. Mr. Tinsley reacted by continuing to resist Ofc Reardon's, Lurie's and Avila's methods of trying to remove him. Mr. Tinsley used his knees and the seat belt to try to secure him-self further in the vehicle. Ofc Lurie had to cut the seatbelt with his knife to free it from Mr. Tinsley.

I radioed to dispatch to start additional units and was told later that Mr. Tinsley could be heard yelling over my radio transmission.

I observed that Ofc Lurie also deployed Assaultive countermeasures to assist in regaining control of the situation and he called for pepper spray to be deployed but it was not at this time due to the potential for Officers to be cross sprayed.

As we continued to struggle with Mr. Tinsley, Ofc. Green at this time arrived and came over to assist us. Ofc. Green, Avila, Reardon, Lurie and I were all able at this time to

grab hold of Mr. Tinsley (Which was difficult as there was blood on Mr. Tinsley arms which made it hard to get a grip of his arms). Once outside of the driver's door Mr. Tinsley began to flail his arms and try and pull away from us in an attempt to run out of our hold of him. He was then tackled to the ground ending up face down. I then removed my Handcuffs from my pocket and was able to get a hold of his right wrist which he was attempting to hide under his face. I was concerned that Mr. Tinsley might attempt to bite me as he was pulling his right hand down by his neck and chest. I pushed his head down and used my weigh to get his hand as far away from his mouth. I placed the cuff on his right wrist and had to pull his hand towards his back.. Ofc. Green and Ofc Reardon had to assist me in getting Mr. Tinsley right hand behind his Lower back. Mr. Tinsley continued to resist and would not display his left hand for us. Ofc. Lurie then deployed pepper spray to Mr. Tinsley facial area.

Mr. Tinsley continued to flail his left arm even after being peppered sprayed. Ofc. Reardon then deployed a knee strike near the shoulder area and I was then able to gain control of Mr. Tinsley left hand as he at this time seemed to comply and give up fighting.

We then lifted Mr. Tinsley up off the ground and seated him in the rear of Ofc. Green's cruiser. As we were lifting him off the ground we observed a pocket knife and a wallet on the ground under were Mr. Tinsley stomach area was when he was lying on the ground. I later learned that the knife was spring loaded and the wallet belonged to Mr. Tinsley.

At this time I observed that Traffic had stopped in both directions, I saw that several neighbors had come out of their houses to see what was going on. I observed that Officer McCarthy, Officer Blue, Officer Pisano, Officer Langmeyer and 3 Mass state troopers had all responded to our location.

I then observed Lt Divittorio had arrived on scene and he came to me and I briefed him on what had transpired.

At this time I consulted with Officer Reardon about having an ambulance look over Mr. Tinsley due to him being pepper sprayed and force being used (Which resulted in facial

cuts) to place him into custody.

Lt. Divittorio had Ofc. Green transport Mr. Tinsley to the police station to meet the ambulance. Mr. Tinsley was subsequently transported by ambulance to the hospital.

I later learned that Lt. Wareham had to pull out his Taser and train it on Mr. Tinsley while he was in the booking area; Det Lewis submitted a supplemental on his observations while at the booking area. I also learned that a bag of Marijuana was found inside of Mr. Tinsley's pants by Officer Green.

The vehicle was removed from the roadway per Lt Divittorio, and towed back to the station. We followed the vehicle from the scene to the station.

Once at the station I made Lt Divittorio and Lt Wareham aware that Ofc. Green, Ofc Reardon, Ofc Lurie and I requested that exposure forms be filled out for us as a result of having Mr. Tinsley blood on our arms and clothing. I also made them aware that I requested an injury report be made out as I had injured my right wrist and right hand. I also received a scratch to my left elbow. I took a photo of the bruise that developed on my right hand and the scratch on my left elbow. Please see Officer Reardon's report for charges.

Respectfully Submitted  
Det. Joseph Godino #311

Case # 1203619  
Supplemental report

On 05/29/12 I, Sgt. Jorge Ruiz was assigned to the narcotics unit and was working the 4-12 shift. At approximately 2145 hrs I was in the interview room in the police station interviewing a female prisoner. Detective Lewis, who had exited the interview room momentarily returned from the booking area and advised me to "take a look" in the booking area.

Upon looking into the booking area I noted Lt. Wareham standing in front of a black male who was seated on the concrete bench. The male, who I did not recognize at the time appeared to be bleeding from the facial area and appeared to have been pepper sprayed. Lt. Wareham was holding a Taser in the "low ready" position and was telling the male who was being belligerent, to calm down. At this time members of the Framingham fire dept and paramedics arrived and placed the male who was handcuffed onto a stretcher and placed him into the back of the ambulance. The male, who I later learned was Mark Tinsley, was transported to the hospital to receive medical attention.

I then responded to the hospital emergency room to follow up on Tinsley's injuries. Once at the hospital, the nurse who was attending to Tinsley informed me that he had a 3' laceration above his left eye, a broken finger and possibly a fractured nose. As I waited for the arrival of the attending physician, I noted that Tinsley continued to be belligerent. He continually yelled at the hospital staff and me for no apparent reason. At one point Tinsley looked at me as I was standing in the hallway and stated that the officers didn't have to treat him the way they did. He went on to inform me that he did not need to get out of his vehicle as Reardon had told him to. I advised Tinsley that he

should have exited the vehicle upon being asked to. Tinsley stated "I am a grown ass man, I got kids who are 21 and I didn't need to get out of my car and I wasn't getting out for nobody". I tried to explain to Tinsley that it was a lawful order and that he should have exited the vehicle, but he did not agree and again stated that he was not going to get out of the car and that he was sick and tired of being "fucked with" by the police. Tinsley continued to be belligerent and aggressive towards the hospital staff until he was given an injection, after which he calmed down and appeared to be sleepy.

I was later informed by the hospital staff that Tinsley would need to be admitted to the hospital as the injury to his finger was a compound fracture and would possibly need surgery. I returned to the police station where I advised Lt. Divittorio of Tinsley's status and he arranged to have Tinsley released per the bail commissioner.

I instructed Detective Lewis to search and photograph the vehicle Tinsley had been operating when he was stopped. I also instructed Detective Lewis to respond to the hospital with a camera and photograph Tinsley's injuries, which he did. A copy of the CD that contained the photographs was logged into evidence by Detective Lewis.

Respectfully submitted,

Sgt Jorge Ruiz #276

Waverly Street / Wilde Ave

M/V Stop

S: Mark Tinsley DOB [REDACTED]

While on duty on May 28th. Street Crimes Detectives called out on a M/V Stop by Waverly Street and Wilde Ave and asked for assistance. I responded along with other Officers. On my way to the call the Officers who were on scene asked again for the area cars to come and assist them. Upon my arrival there was a man in a car later identified as Mr. Tinsley out of control screaming and yelling.

He kept refusing many requests to get out of the car by Detective Godino and Reardon and was becoming more agitated and irrational. I was unable to see Mr. Tinsley's right hand and wasn't sure if he might have had a weapon or anything else in the car that he didn't want us to see. We proceeded to pull Mr. Tinsley out of the car. Officer Avila was on the passenger side of the car trying to push Mr. Tinsley out but he started hitting Officer Avila with his elbow around his head area, That's when I started to give Mr. Tinsley closed hand strikes to get him out of the car, I also tried to give him some knee strikes but he pulled himself back into the car. Mr. Tinsley also wrapped the seat belt around his body so he could not come out of the car. Where the situation was becoming more dangerous I took out my utility knife and cut the seat belt enabling me to use an arm bar takedown to get Mr. Tinsley out of the car.

Once on the ground Mr. Tinsley was still resisting and being non complaint, there was also blood all over the scene. I then used my pepper spray on him and with the help of other Officers put both hands behind his back for Officer Green to handcuff him. Upon standing

Mr. Tinsley up a folding knife was found along with his wallet underneath his stomach. Both items were placed in evidence bags by detectives. The knife appeared to be an illegal automatic knife.

After Mr. Tinsley was transported to the Police Station and then after to the Metro west ER.

I returned to the station to clean up and fix my uniform. I suffered scrapes and bruises to my left elbow and knee.
